

Machine Operator

BOMImed is a privately owned medical device company operating in Winnipeg, Manitoba. We are looking to hire a Machine Operator. The successful candidate will demonstrate strong practical “hands on” skills and mechanical aptitude. This position is a Monday to Friday, days position.

Job Description

- Responsible for daily operation of plastic extrusion line and similar manufacturing equipment
- Perform preventative maintenance procedures according to developed schedules
- Perform periodic quality tests of products to ensure compliance with QA requirements
- Accurately fill out daily run sheets to record production rates and machine settings
- Employ industry best practices to maintain efficient clean and safe work procedures and areas
- Replenish raw materials and record accurate LOT ID information according to QA requirements
- Identify and report any malfunctions or process deviations to supervisor/manager

Required Skills

- Experience in a manufacturing environment
- Strong practical “hands on” skills and mechanical aptitude
- Able to work independently and as part of a team
- Fluent English – written and verbal
- Ability to troubleshoot
- Capability to lift 50lbs

Assets

- Experience with plastics (injection molding, rotation molding, extrusion)
- Experience with PLC

We offer a competitive salary, comprehensive benefit package, a clean and a positive work environment. If you believe this is an opportunity that is well matched to your skill set and capabilities please email us a copy of your resume as well as a cover letter indicating your key strengths and interests to careers@bomimed.com referencing **Operator BOMI2019** in subject line.
